---

Here are the maps for each of the branches overlayed with the existing TAGA runs up through today. Please let me know if you'd like these displayed in any other way.

Thanks!

Janelle,  
Will you work with Bryant in the morning to fill this request?

Thanks

Eric- here is a list of the facilities the TAGA busses will monitor. Please have the TAGA data /Maps overlay these to see which ones we flew already.

Bryant

**Subject: RE: Revised TAGA plan**

Hi all:

Attached is the TAGA facility list with addresses, lat/longs, and FRS numbers. There are still a couple of gaps but I will continue to research them, as will the team.

As a reminder, green facilities are "must do" and red facilities are optional.

Thanks so much,  
Margaret

Thanks Margaret. I will confirm with Jhana that she has everything they need. I will consider this plan final unless Jhana has any changes.

Hi Craig and Bryant:

We've put together the attached revised TAGA plan. I'm happy to participate on any planning or coordination calls this afternoon or this weekend. Just let me know. The team plans to scope out the facilities and routes tomorrow. They're also willing to scout out routes in person ahead of the TAGAs if necessary.

We're fine with the chemicals that the TAGAs are capable of measuring.

If you're comfortable with the plan, can you forward to the TAGA teams and anyone else who needs to have it?

Thanks,  
Margaret
